
The Lord is King

Verse

I see the light dancing on the sea I hear the waves crash on the shore
I see the moon, silver in the sky I know your love for me is pure
I feel the heat of the blazing sun, I feel the wind upon my face
I know your peace deep within my soul I know the wonder of your grace

Chorus

*And I give my life, give it all to you Lord
And I give my life, give it all to you Lord*

I see the stars shining in the sky, I see the mountains rise above
Creation born through your mighty word I know you are the Lord of Love
I Know that Jesus came to seek the lost, he brought me home so I will sing
His healing hands reaching out to me, I know for sure the Lord is King

Chorus

*And I, I give my life, give it all to you Lord and I, I give my life, give it all to you Lord
Lord, the Lord is King, you're my King you're the King
Lord, the Lord is King, you're my King you're the King
You're the King*
